

CAZENOVE CAPITAL MANAGEMENT ACHIEVES HIGHEST SCORE IN UK HIGH NET WORTH PRIVATE CLIENT SATISFACTION SURVEY

Market-Dynamics Research and Consulting has been conducting annual assessments of client satisfaction across the EU's major wealth managers over the past 10 years. In 2008, Cazenove Capital achieved the highest score amongst UK private wealth managers. The firm ranked especially highly in areas which clients rated as particularly important namely: quality of advice received, relationship with the account manager and the reputation of the firm.

Andrew Ross, Chief Executive of Cazenove Capital, said: "I am delighted with this result which is attributable to three key factors: the quality and experience of the people we employ to look after our private clients, the breadth of advice they are able to provide and our corporate structure. Cazenove Capital is of a size which allows it to offer a highly personalised service, while the firm is largely owned by its employees which ensures a greater commonality of interest with its clients"

Mary-Anne Daly, Head of Private Wealth Management, added: "The genuinely differentiating factor for Cazenove Capital continues to be the way we combine financial planning with investment management. The strategies devised for our clients are based on impartial, personalised advice, delivered by experienced individuals who have a detailed understanding of their clients' requirements."

Cazenove Capital Management is one of the UK's leading providers of wealth management services to high net worth individuals, families and charities with funds under management of £10.9bn as at the end of 2008.

In the 2009 PAM Awards, Cazenove Capital was short-listed for Investment Performance for Balanced Portfolios as well as for Best Cautious Wealth Manager in the Financial Times and Investors Chronicle Wealth Management Awards 2009.
